INDEX TO STATE MAP OF
ILLINOIS.

EXPLANATION.

To find the name of any place on the map, first find the name in the index: opposite the name will be seen the number and letter designating it on the map; then trace a direct line on the map from the number given to a point where it meets a direct line running from the letter given, and at or near this point will be found the name desired.

Figures represent Railroads. An *italic* letter after each figure represents the branch of that Railroad. Capital letters represent Electric Railroads; an *italic* figure after each letter represents the branch of that Electric Railroad.

County Seat in **Full-Face** type.

All Towns in Roman type are Post-Offices.

All Towns in *Italic* type are not Post-Offices.
